General Information

Drawing Codes:

ALL DRAWINGS ARE ON 11" x 17" PAPER

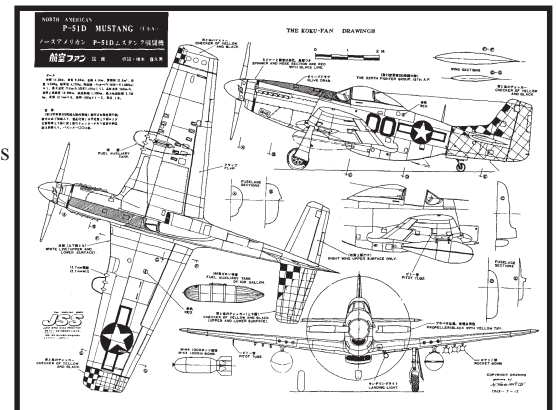

- | | | |
|---------------------------------|---|--|
| OO - outline only | OX - outline with detail and cross sections | VD - very detailed, no cross sections |
| OD - outline with detail | XD - exceptional detail, with cross sections | F - added to any of above indicates Fact Sheet included w/history, dimensions, production, etc. |

RESEARCH SERVICE: I have over 20,000 pages of 3-views and information that has not yet been cataloged. If you can not find what you need listed, send \$25.00 for each aircraft search desired. \$10.00 will be returned if I draw a blank. There is a 50¢ charge per photocopied page (\$3.00 for color laser copied page), plus \$5.00 Shipping & Handling. Balance, if any, will be via credit slip.

Drawing Source/Prefix

- W#** - First # indicates drawing wingspan to nearest inch
KF - Koku Fan, originally 15" x 20" now reduced to 11" x 17" to fit in documentation folder. Considered by many as best series of drawings available today.
SKF - Small Koku-Fan, originally published as smaller drawings, quality varies.
Sp - Special Polish drawings, probably the highest detail drawings available.
Sa - From Aircraft of the Fighting Powers series publ. 1946. Vary in quality.
 All have fact sheet included.
72001-72400's - ½ page drawing, ½ page facts.
72600's - 11" x 17" drawing plus facts page.
72700's up - two 11" x 17" sheets (*requires joining to complete drawing*).

- Sb** - Selected drawings from various sources, quality varies
RA - Racing Antique 1910 to 1939
RF - Racing Formula (*Goodyear, Reno*) includes biplanes
RU - Racing Unlimited (*Reno, Cleveland, etc.*)
SCR - Schneider Cup Racers
GL - Glider/Sailplanes
PG - Powered Gliders/Sailplanes
HC - Helicopters
GC - Gyrocopters
EN - Engines
GU - Guns/Armament
AS - Air Ships
MS - Miscellaneous
R/M - Rockets, Missiles & Space

NOTES

- There are times that magazine 3-Views (* & ** listed prior to part number in FOTO-PAAK section) are superior to drawings listed in this Scale 3-View section. For the serious scale modeler, it is strongly recommended that ALL drawings of a specific model be considered for comparison. **NO DRAWING IS PERFECT!**
- Since drawings are easily copied, they are not returnable except if error originates with me.
- **PLEASE make sure you use source (Prefix) of drawing#** to ensure proper filling of order.
- Some of the drawings are very old or from unusual situations and may be less than perfect. You will always get the best I can copy. It is strongly recommended that if you are serious about your project, you will order every drawing available so that you can choose the most appropriate for your needs.
- Collectors/Modelers. If you have good 3-View or cutaway drawings of Aircraft, Helicopters, Guns, Engines, etc. not listed in 3-View section (X) or Foto-Paak section (*/**) or if your drawing is better than my copy, send me a clean sharp copy and I will trade page for page. I will also consider photo study color negatives of aircraft to add to my collection (see page 34).
